## ***An Update from the Steering Committee:***

Good Afternoon,

As the funding for DSPs makes its way through the budget process, we want to make sure you remain informed about the most recent updates. With that in mind, we want you to know that the Joint Budget Oversight Committee unanimously passed a resolution yesterday. This resolution directs the Office of Management and Budget to make the necessary calculations that will result in distribution of these funds. This was a procedural, but important and required step and we were glad to see JBOC support this matter.

Please know that we continue to work with leaders in the Legislature on this issue so that funds are made available to DSPs as soon as possible.

We will provide additional updates in the weeks to come.
